of any right the employee may have under 5 U.S.C. 5514 or any other provision of contract or law, unless there are statutory or contractual provisions to the contrary.

§ 1650.117 Refunds.

Amounts paid, or deducted by salary offset, by an employee for a debt that is waived or otherwise not found owing to the United States will be promptly refunded to the employee. Refunds do not bear interest unless required or permitted by law or contract.

§ 1650.118 Salary offset requests by other agencies.

(a) *Statutory limitation.* Salary offset requests against Commission employees by other agencies may only be accepted within 10 years after the involved debt accrues. Whenever any request barred by this limitation is received in the Commission, the request shall be returned by FRMS to the requesting agency, with a copy of 4 CFR part 102, and this action shall be a complete response to the request.

(b) *Where salary requests should be filed.* Requests from other agencies for salary offset should be forwarded or addressed to:

Director, Financial and Resource Management Services, Equal Employment Opportunity Commission, 1801 L Street, NW., room 2001; Washington, DC 20507.

(c) *Form of request.* (1) Requests shall be considered only when presented with a completed and certified appropriate debt claim.

(2) The requesting agency must certify in writing that the employee owes the debt, the amount and basis of the debt, the date on which payment(s) is/are due, the date the Government's right to collect the debt first accrued, and that the requesting agency's regulations for salary offset have been approved by OPM.

(3) If the collection must be made in installments, the requesting agency must also advise FRMS of the number of installments and the commencing date of the first installment, if a date other than the next officially established pay period is required.

(4) Unless the employee has consented to the salary offset in writing or signed a statement acknowledging receipt of the required procedures, and the writing or statement is attached to the debt claim form, the requesting agency must also indicate to FRMS the action(s) taken by it under its offset regulations and give the date(s) the action(s) was/were taken.

(d) *Submitting the Request for Offset—*(1) *Current Commission employees.* The requesting agency must submit a completed and certified debt claim, agreement, or other instruction on the payment schedule to FRMS.

(2) *Separating or separated Commission employees*—(i) *Separating employees.* If the employee is in the process of separating, the requesting agency must submit its debt claim to FRMS for collection as provided in § 1600.735–513 of this subpart. FRMS must certify the total amount of its collection and notify the requesting agency and the employee as provided in paragraph (d)(2)(iii) of this section. If FRMS is aware that the employee is entitled to payments from the Civil Service Retirement and Disability Fund, or other similar payments, it will send a copy of the debt claim and certification to the agency responsible for making such payments as notice that a debt is outstanding. The requesting agency, however, must submit a properly certified claim to the agency responsible for making such payments before collection can be made.

(ii) *Separated employees.* If the employee is already separated and all payments due the employee from the Commission have been paid, FRMS will return the request and notify the requesting agency in writing of the employee's separation, that all payments due the employee from the Commission have been paid, and that any monies due and payable to the employee from the Civil Service Retirement and Disability Fund, or other similar funds, may be administratively offset to collect the debt.

(iii) *Transferred employees.* If, after the requesting agency has submitted the debt claim to FRMS, the employee transfers to another agency before the debt is collected in full, FRMS shall certify the total amount of the collection made on the debt. FRMS shall furnish one copy of the certification to
